### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Miles Hall on October 26, 2009.

The application has been amended as follows:

1. In claim 1, lines 5-6; claim 41, lines 5-6; claim 46, lines 5-6, delete the phrase " under conditions that result in production of oligodendrocytes from the multipotent neural stem cells" and replace with – ; culturing the multipotent neural stem cells to produce oligodendrocytes –.

### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The instant specification defines the term "granulocyte-macrophage colony stimulating factor" or "GM-CSF" as a protein factor that shares substantial identity with native human GM-CSF and possesses a biological activity of the native human GM-CSF (p. 11, lines 17-19). The biological activity of GM-CSF is defined as capable of binding to any known GM-CSF. Applicants have provided Hecus (Exhibit A), Shanafelt and Kastelein (Exhibit) in the Response filed 9/1/09 to provide evidence that the functional domains of GM-CSF required for binding to GM-CSF receptors to stimulate cell proliferation were known, and that the four regions within mouse GM-CSF that are critical to the activity of the mouse GM-CSF were also well known (see also, Response, filed 9/1/09, page 7). Thus, the evidence and arguments by applicants support the as-filed disclosure in showing that one of

skill in the art could make identify proteins at least 80% identical to native human or mouse GM-CSF while maintaining GM-CSF's cell proliferating activity and the ability to bind to native GM-CSF receptors.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thaian N. Ton whose telephone number is (571)272-0736. The examiner can normally be reached on 9-5:30 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Paras can be reached on 571-272-4517. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
